

DIGITAL ACCREDITATION

Archers can complete check-in online prior to the event and receive their official QR code in their **digital wallet**. Once you complete the online process, you do not need to check in on-site.

You may either print your accreditation or add it to your Apple Wallet or Google Wallet for easy access. Simply bring your QR code with you to the event and head straight to Goodie Bag Pickup at the Event Help Desk, where your code will be scanned.

Archers will receive an email with a link to upload their picture and add accreditation to the wallet.

1. Open the link → then you will have the option to take a picture or upload a picture.

a. Take Picture: A pop-up screen will open with the camera preview. Tap on Preview to take a picture and Upload now to Submit it.

b. Upload Photo: Here you can choose to upload a picture from your recent photos.

2. Click upload now.

3. After uploading the image, return to your confirmation email to add your accreditation to your Wallet or print your QR code.

4. In the email, click on the button - Add to Google/Apple wallet. It will be saved on your phone's wallet.

5. You can open your Google/Apple wallet to access the card anytime.

Your accreditation QR code will be required throughout the event. This code serves as your official credential and provides access to:

- Bow Storage
- Practice
- Digital scorecard signing and validation
- Accessing your information at Info Points

Test Wallet Event

Dear JAIN Lalit

Thank you for registering as Freestyle Adult Male at the upcoming Test Wallet Event.

Take or upload a recent picture to avoid showing your actual Photo ID to access the services on site.:

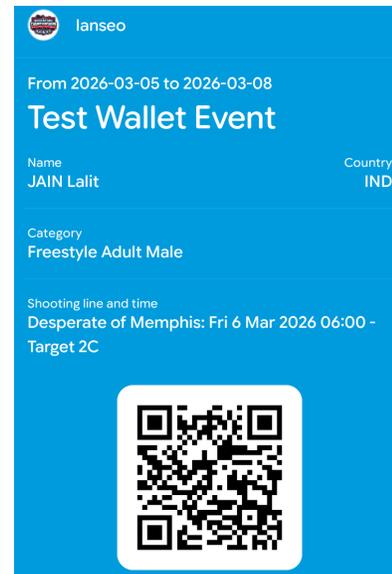

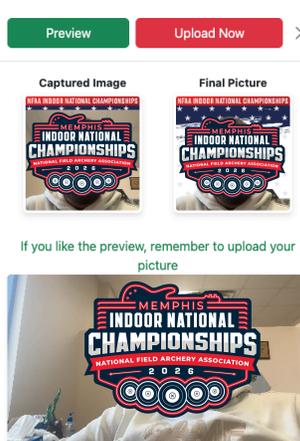

- Minimum resolution: 300x400 pixels
- File Format: JPG or PNG
- Use a light background with no shadows
- Face the camera, NO caps, NO (sun)glasses
- SMILE!!!, No smile, No Accreditation! 😊

You can take the picture from this device or upload a png/jpg file

After submitting your photo, please exit the photo page and return to your confirmation email to add your accreditation to your Wallet or print your QR code
