Welcome words

From the LOC

The championships will be held consecutively from 22 September to 3 October 2026. Competition will begin at the scenic Lewis & Clark Lake Archery Field Ranges and conclude with the elimination and finals at the NFAA Easton Yankton Archery Center.

For the first time, the World Archery Field Championships and World Archery 3D Championships will be staged together in the same location as part of a single championship series. Hosting these events consecutively provides Member Associations with a unique opportunity to optimize travel and logistics while allowing eligible archers to compete in two World Archery Championships during one trip.

We are proud to welcome you to our facility and encourage you to experience the many opportunities available at the Center and throughout our community. Through the foresight and vision of Jim and Greg Easton and the Easton Sports Development Foundation, the NFAA Easton Yankton Archery Center has grown into one of the world's premier archery facilities.

We recognize the dedication, preparation, and hard work required to qualify for and compete in championships of this magnitude. Our Local Organizing Committee has worked diligently to provide world-class venues and create a memorable experience for every archer, coach, team official, and spectator.

We also extend a special thank you to the sponsors, vendors, volunteers, and community partners whose support makes these championships possible. During your stay, we encourage you to explore Yankton's restaurants, shops, attractions, and outdoor recreation opportunities. In South Dakota, the outdoors is more than a place to spend time with friends and family. It is a way of life that includes hunting, fishing, boating, walking, biking, hiking, and, of course, archery.

It is our great pleasure to welcome the global archery community to Yankton. We hope you enjoy your stay, create lasting memories, and return in the future to train at our facility or participate in another world-level competition.

Thank you for joining us, and best wishes for a successful 2026 World Archery Field and 3D Championship Series!

Bruce Cull

Local Organizing Committee Chairman
NFAA Foundation President

From World Archery

On behalf of World Archery, it is a privilege to welcome the global archery community to Yankton, South Dakota, for the 2026 World Archery Field Championships and World Archery 3D Championships. I extend my sincere gratitude to Bruce Cull, the Local Organizing Committee Chairman, the NFAA Foundation, and the Yankton community for their dedication and support of our sport.

This championship series marks an important milestone as the Field and 3D Championships are staged together for the first time. This combination reflects the spirit of being “Together and on point,” bringing two disciplines and the international archery community together for an exceptional celebration of our sport.

To the athletes, may your performances reflect the hard work that brought you here. To the officials, coaches, volunteers, and fans, thank you for being the heart of these championships.

I wish you a successful competition and a memorable stay in Yankton.

Mr. Greg Easton

World Archery President
