MIXED Teams RECURVE CADET 14 (1/8)

### 3.2. Practice Field and Competition Field

Practice Field is the Federation Field, situated close to the Competition Field. The direction of shooting is not the same (opposite).

Competition Field is the Rugby Field which was built in the past from the small stadium. It is all covered with grass, but the territory where there were once running lanes is not in a perfect level with the playground. Because of the high number of participants we have to use all the territory for the Competition Field.

### 3.3. Competition Program (attached)

The latest competition program is shown at the end of this document. Any official competition schedule will have indicated the version number and the date-hour it was printed.

### 3.4 Practice and Warm up

Official Practice (3 hours) shooting AB-CD format:

- Juniors: 08:30 to 11:30
- Cadets: 15:30 to 18:30

Warm up during all days of the competition will be organized 30 minutes before the Competition on the Field of Play except for:

- Mixed Teams while categories that are coming later into the competition will have practice during the match before theirs.
- Team matches, where practice for the starting matches/categories will last 30 minutes, while categories that are coming later into the competition will have practice during the match before theirs.

Non competing archers will be allowed to use the Practice field.

### 3.5. Equipment Inspection

Equipment inspection will be run following the program of the official practice. Each team will be called (in the English alphabetical order) and invited by the DoS to the dedicated place for the Equipment inspection in the competition field. Also all spare equipment must be brought to the equipment inspection.

All team members (archers and officials) should wear their team uniforms.

The correct spelling of athlete's names, as well as the correct date of birth in the archers' list will be checked during the accreditation.

The registration numbers will be given at the warm up on the day of the competition (it will be distributed on the shooting line, in front of each archer's position). When receiving the registration numbers, we would like each Team Manager to double check that each archer has the correct "athlete number".

## 2ND LEG – BUCHAREST (ROU)

### 15-20 JULY 2013

### 3.6. Qualification Round & Information on scoring

Teams will find target assignments in the mail boxes at the venue.

Shooting will be conducted with 4 archers per target in AB-CD format.

For the qualification rounds, no faces will be changed after the practice arrows. Please instruct the archers to mark the arrow holes during practice.

The athletes will be given an electronic score terminal (PDA) for each target. In addition, for the qualification round there is also one paper score sheet per target. For each target, one athlete will enter the score on the paper score sheet; another athlete will score on the PDA terminal. All the athletes on the same target must verify that the correct scores are entered.

**Please instruct your athletes to fill in properly the scorecards including total score, 10's and X's and sign the card before handing them back after each round.**

In case of tied score on positions 8 when we have more than 32 archers in the category or on the position 16 for teams, a shoot off will be arranged at the last distance shot (1 arrow closest to the centre). Neutral targets will be used.

- Individuals: 1 arrow closest to the centre.
- Teams: 1 arrow each archer, all shooting at the same time (40 seconds), 3 target faces will be used per team (1 arrow per target face) and each archer will decide which target face to use.
- Mixed teams: 1 arrow each archer, all shooting at the same time (40 seconds), 1 or 2 target faces will be used per team (1 arrow per target face for compound) and each archer will decide which target face to use.

### 3.7. Individual Elimination Round

For the elimination rounds, no faces will be changed after the practice arrows. So please instruct the archers to mark the arrow holes during practice. Matches will start as soon as the field is ready.

We will keep to the starting time at the beginning of the session and then the competition will run as it goes. Therefore some matches could start sooner than the time indicated in the schedule. Please be aware of this and be prepared for it.

Byes are allowed. In case of a bye, archers will be allowed to shoot, but no score will be recorded or allowed to be displayed.

The individual Elimination Round will start with the 1/48 in the category RCM and with the 1/24 in categories where we have more than 32 archers (RJM, RJW, RCW).

Top 8 individual archers will go directly to the 1/16 finals. Archers from 9<sup>th</sup> to the last position will shoot the 1/48 or 1/24 eliminations, as appropriate. Then the top 8 will join the winners of 1/24 eliminations to complete the 1/16 elimination.

Shoot off in individual elimination (Rec & Comp) is just one arrow closest to the centre (40 sec of time).

#### 3.7.1 Recurve

The Set System will be used for Recurve division. All matches will consist of maximum 5 sets of 3 arrows per set.

#### 4) Technical Matters (TD + chairman of Judges)

##### 4.1. Timing Control system

The Chronotir Timing equipment will be used for Timing and scoreboards.

##### 4.2. Results system

Ianseu is the provider of the Results. The scoring in the Qualification Round will be done by the archers. One archer will write down the score on the paper score sheet and another archer will score on a terminal. The third/forth archer verifies that the correct scores are entered.

PDA terminals are used during the Qualification and Elimination Rounds, but not in the Individual Finals.

##### 4.3. Rules that apply in this event

##### 4.3.1. Practice and start of the competition

*At other World Archery events practice shall be for a maximum of 45 minutes but may be less and the competition shall start as soon as possible.*

##### 4.3.2. Practice on the competition field during byes

*Practice on the competition field during byes will be limited to three arrows per end and maximum of three sets for recurve and five ends for compound. If more than three arrows is shot by an athlete in an end after being warned by a judge, the athlete may be denied further practice on the competition field but any such violation shall not affect the next match.*

##### 4.3.3. Team members' nomination

*A team shall consist of the highest ranked 3 (or 2 if a Mixed Team) athletes from the Qualification Round unless the team captain notifies the Director of Shooting or the Chairman of Judges in writing at least 1 hour before the start of that round of competition of a substitution of another athlete who competed in the Qualification Round. In case of substitution medals will only be awarded to the athletes that shot the Team round, not the Qualification Round. A violation of the foregoing will result in disqualification of the team.*

##### 4.3.4. Number of team officials

*A Team Manager may be helped by other team officials (such as coaches, physiotherapists, psychologists, etc.). There may not be more than one team official on the field of play for each athlete competing at the time. However, the maximum number of team officials on the field of play at the same time is four. This may be increased by one official per category if the Member Association has athletes competing in more than two categories at the same time.*

##### 4.3.5. Rankings

After the end of this event, the Junior Cup Ranking will be prepared and the results obtained during European Junior Cups in Ljubljana and Bucharest will be added. The awarding of the Junior Cup circuit 2013 will take place immediately after the awarding of the competition – separately for mixed teams, teams and individuals.

#### 4.3.6. Archers Scope height

The height of the scope is determined by the highest point of the scope not the height of the lens. The maximum is the lowest part of the armpit. If we continue to have problems, we will instruct the Judges to remove the scopes until the end of the match.

Be aware that we are shooting AB-CD format and that archers may change their shooting position.
