2.3. Competition Programme (attached)

The most up to date competition programme is shown at the end of this document. Any official competition schedule apart from this will have indicated the version number and the date + hour it was printed. The competition schedule is subject to change and will be published on the notice boards and the event website.

2.3.1 Practice

Official Practice will be on Monday at 10:30. Archers are asked to use their assigned qualification target and position for this period.

Practice will be given before the ranking round and before match play where archers are taking part who have not yet shot a match in the preceding round, or not had the opportunity to take part in controlled practice during the preceding round. The announcer will instruct archers as to what is happening at these stages of the competition

The practice field will be available 30-45 minutes after the conclusion of each day. Athletes moving targets are asked to return them to their last position before practice, after they have finished for the day. The Athletes are also asked to treat the field as one range (so no one should be at the targets whilst shooting is in progress)

2.3.2 Field Of Play Access

Due to high volumes of Participants, spectators and officials, we have decided to introduce accreditation for coaches / designated adults. Only one Coach or designated adult will be allowed per athlete, they will receive a generic coach accreditation card at registration, which should be worn at all times. The Field of Play has designated access areas:

Anything behind the 'Tent' Line is an all access area

Anything Between the Tent Line and back of the equipment line (the 'Coach Line') is for Athletes, accredited coaches, Judges and Event Staff.

Anything in front of the Coach line is for Athletes, Judges and Event staff only.

These rules are for the comfort of the athletes, ease of access, visibility and medical access where required.

2.4. Equipment Inspection

Equipment inspection will be run during the official practice time. Random spot checks may also occur.

During the equipment inspection we would ask that athletes listen out for any announcements that relate to instructions from the judges.

The athlete's number will be given at the point of registration. When receiving the Athlete numbers, the athlete should attach the number to either themselves or their quiver, with the number facing the waiting line when they are shooting. The judges will also check this during equipment inspection

Scopes

During the competition the tops of spotting scopes on the line must not exceed the height of the archer's armpit. If the scope is shared, then it must not exceed the height of the smallest person's armpit.

2.4 Qualification Round. Information on scoring

Qualification Rounds will be shot with 3 archers per target in ABC format. The number of arrows an end shall be 6, and the time limit will be 4 minutes.

The Rounds being shot are:

Recurve Junior – WA 70m Round

Recurve Cadet – WA 60m Round

Recurve Cub – Metric 122-50m Round

Youth Compound – WA 50m Round

The scoring system in use is the Tablet stations in conjunction with IANSEO software

The scoring in the Qualification Rounds will be done by the archers. One archer will write down the score on the paper score sheet and another archer will score on a tablet. The third archer verifies that the correct scores are entered. The use of the tablet is mandatory. Tablets will be used during the Qualification and Elimination Rounds, but not in the Finals.

Please instruct your athletes to sign the score sheets before handing them back after each 36 arrows, including total score, 10's and X's. A Sample of score sheets will be shown at The meeting. The Judges and announcer will also remind them of this procedure.

In Line with World Archery Rules the scoresheet must contain totals for the Score, 10's and X's. Failure to provide a total score may result in a disqualification of the archers score. Failure to provide a total for 10's and X's will result in the archer losing these totals.

The organisers will not accept unsigned scorecards. Athletes will be given as much chance as possible to sign and/or complete their scorecard correctly as soon as the error is noticed. If this is holding up the progress of the event the Jury of Appeal may be called to give a decision on what to do with the scorecard. The Results verifier may provide a view to the Jury which will be informed based on the WA rules at the time of the event.

2.6 Individual Elimination Rounds

The individual elimination rounds will be shot according to WA rules, and until the finals, will be shot simultaneously (not alternating). In summary these are:

Recurve:

- 3 arrows in 2 minutes, with 10 second lead in
- 5 Sets (5 ends) First archer to 6 points wins and the match stops, no matter how many sets have been shot
- 2 points for a win, 1 for a draw and 0 for a loss per set total
- There is no extra time given for equipment failures and there is no stopping for bouncers

Compound:

- 3 arrows in 2 minutes with 10 second lead in
- 5 ends shall be shot
- Total cumulative score wins.
- As per Recurve there is no extra time for equipment failures and no stopping for bouncers or pass-throughs

Finals:

The Finals matches (and even then this may be only the gold ones) will be shot alternating style. The judges will take the time to brief the archers and the coaches on this so they are aware of the procedure.

2.6.1 Consolation round

At the conclusion of the AM and PM sessions of Tuesday there will be a period marked 'Consolation Matches'. This is for all athletes who have been knocked out of the event at this point to take part in.

The format will be a knockout style single arrow shootoff in categories. It begins with 4 athletes to a boss, each athlete getting 20s to shoot an arrow (AB-CD format). At the conclusion of the time limit the 2 athletes on the boss with the closest arrow to the centre move on to the next round. The next round will consist of 2 athletes to a boss again with 20s to shoot an arrow (single detail), the nearest to the centre stays on the boss. From here an athlete is then eliminated per round until there is one athlete left in each division. The Athletes then shoot against their opposite division, and then the winner of this, against the rest of the field.

2.7 Team Rounds

There are two forms of team matches that will occur, the standard team of three archers (called a 'Team Match') and a mixed team of 2 archers (called a 'Mixed Team' Match)

In all cases the matches take place at the archers qualification distance

2.7.1 Recurve Team

6 arrows in 2 minutes with 10s lead in
2 arrows per archer, per end
4 Sets (4 ends)
First team to 5 points wins
2 points for a win, 1 for a draw and 0 for a loss, per set total

2.7.2 Compound Team

6 arrows in 2 minutes with 10s lead in
2 arrows per archer, per end
4 ends
Highest cumulative score after 4 ends is the winner

2.7.3 Recurve Mixed Team

4 arrows in 80 Seconds with 10s lead in
2 arrows per archer
4 sets (ends)
First team to 5 points wins

2.7.4 Compound Mixed Team

4 arrows in 80 Seconds with 10s lead in
2 arrows per archer
4 ends
Highest cumulative score wins

2.8 Team Creation

Mixed Teams: This will be tiered and teams based on ranking numbers, tier cuts to be advised on Monday.

Team Round

- Nominated teams from any country (including GBR Rosario Compound Teams) entered may compete as a team (normal team round) MA's must notify the results management team 48hrs in advance of the qualification round.
- All other Athletes will be drawn at random before the start of qualification, overseen by the chair of the jury.
- In all cases the teams list will be published before the end of the official qualification round.

All teams will then be ranked on their qualification round result (total score)

2.8.1 Team numbers

Should a team not be feasible from the entry numbers (i.e. an uneven number of athletes) a team may have a stand in athlete, who, at the discretion of the event management, may not be of that athletes age category. If this occurs the 'stand-in athlete' will be replaced immediately by the highest ranked athlete of the beaten team.

2.8.4 Team Round Robins

Where conducted there will be basic scoring for these, although the actual result of each match has no direct impact on the remainder of the event.

2.9 Appeal Procedure (Form attached)

An Appeal form is attached to this document.

In case of Intent to Appeal or an actual Appeal, the times indicated on the Appeal form must be considered. To ensure a smooth progression of the event

The Appeal form should be handed over to the Chairman of the Jury. A fee of £30.00 must be paid to the Chairman of the Jury, for the Appeal to be valid.

If the Appeal is upheld by the Jury of Appeal, the fee will be returned. In the case of the Appeal being rejected, the fee will not be returned.

3) Technical Matters

3.1. Timing Control system

The DANAGE Timing equipment will be used for Timing and scoreboards.

3.2. Results system

Tablets are used during the Qualification and Elimination Rounds, but not in the Finals. The person responsible for the results during the event is Robert Potts (Archery GB Results Verifier)

3.3. Rules that apply in this event

Phase to start the elimination.

There will be no cuts in any team or individual division.

Dependant on final entries the Organising Committee (OC) reserve the right to combine categories in the interest of creating a competitive environment. If this should be the case the OC will advise at the Team Managers meeting.

3.4. Medal Ceremonies

Award Ceremonies will be organized the day of the finals,

Archers will need to listen to the instruction of the Athlete Marshall when they exit the field so that they turn up at the correct location and time for the awards ceremony.

All bronze medallists and 4th places are requested to be at the finals range to receive their medals/certificates at the appropriate medal ceremony. We would like the Coaches and Parents make sure their archers will be on time for the ceremonies. Further details will be published in the schedule. Please make sure you are keeping up to date with it.

4) **Medical Related issues**

Call 999 as usual, and when asked for the address of the centre:

Llilleshall National Sports and Conferencing Centre, Nr Newport, TF10 9AT.

Give them a location on the site as well.

Try to Call reception as well so that they can direct the ambulance to the correct area.

The Nearest hospital is: The Princess Royal Hospital, Apley Castle, Telford, Shropshire, TF1 6TF

5) **Dress Regulation**

Archery GB dress regulations apply (see archery GB rules. Section 307).

Any Athlete from another WA Member Association is asked to comply with the World Archery Dress regulations. Specifically, No Blue Denim or Camouflage is to be worn.

6) **Other matters of importance**

Notices for the attention of all athletes and coaches / family members will be posted on the two information boards on the field (one at the pavilion and one at the Camping field end of the range) and also on the tournament site on www.ianseo.net

Please ensure you fully familiarise yourselves with the schedule available at these locations. Whilst the OC will attempt to make minimal changes to this, it may be required by the weather, or other conditions. The Judges will do their best to assist us in informing you of any changes, but please keep a regular eye on these items.
