4.3.2. Team rules - NUM

Team competitions are gender neutral, girls and boys combined. All age classes and disciplines should have their own team event, if enough participants. Smaller classes should be joined to make team event possible for everyone.

By default all archers are divided automatically into teams with the following method:

For each event all archers from the same nation are sorted by the qualifier results into teams. So first three archers of the nation make up the first team (for example Sweden 1).

Each subsequent 3 archers make up the following teams.

Archers that cannot form a full national team are moved into Nordic pool. This pool is also sorted by qualifier results to form Nordic teams.

Countries may register archers to individual clubs for the team event. These must be registered before a date set by the competition organizers. Club teams are considered similar to national teams, extra archers are moved to Nordic pool.

If there are not enough archers in the Nordic pool to form full teams (not divisible by 3) the last 1 or 2 teams will have 2 members. In two member teams an archer may shoot at most two arrows in a row before rotating.

Nations can switch one member of a team up to a time set by the competition organizers (published latest when qualifying round ends). Switching a team member will not affect the qualifying score of a team.

4.3.3. Individual shoot-off (Rule Book 3 – 14.5.2.2.)

A single arrow shoot-off for score;

If both archers score a 10 (recurve/barebow/longbow/instinctivebow) or X (compound) on their first shoot-off arrow, then the match would be considered a tie and a second shoot-off

arrow will be needed to resolve the match;

If the score is the same the arrow closest to the centre of the target face shall resolve the tie and if the distance is the same, successive single arrow shoot-offs, until the tie is resolved.

If both athletes miss the scoring area of the target, both athletes will shoot an additional arrow.

4.3.4. Team shoot-off (Rule Book 3 – 14.5.2.3.)

A three-arrow shoot-off for score, a single arrow by each team member;

If the score is tied, the team with the arrow closest to the centre shall win;

If still tied the second arrow (or third) closest to the centre shall determine the winner.
