NOTES:

Shot on two Worcester faces one above the other
 Faces can be either single or five spot – again your choice
 Start on either the top or bottom face – your choice
 After six ends change to opposite face
 Any arrows in the wrong face are misses
 Totals start again at zero for second half
 If you have a newer style face with an inner 5 – score these as an X – still counts as 5 – NOT 10
 See Archery GB Rules of Shooting Rule 408 for full details of the Worcester Round

When complete – Email your fully completed, checked, signed & witnessed score sheet to
