The Surrey Indoor Championships, 27th November 2022 - Cancelled.

We are sorry to announce that the Surrey Indoor Championships have been cancelled for 2022.

Unfortunately we have not had sufficient entries to make the shoot viable and therefore Surrey Archery have had to take the difficult decision to cancel the shoot. This is extremely disappointing given the shoot has not run since 2019 due to the Covid pandemic and this would have been the 42nd Surrey Indoors Championships! I can assure you this decision was not taken lightly and we will be working through refunds for all entries over the course of the next few days. Please allow two weeks for refunds to hit your account before chasing, however if you do have any queries then please come back to me and I will try to resolve.

We will of course also look at options to resurrect the 42nd Surrey Indoor Championships in 2023!
