

Larvik bueskyttere NUM 2023

Let us save the environment together, please re-cycle this program as paper, or deliver it back to us and we'll fix it.

Welcome to Larvik

Greetings to participants and teams at the 2023 nordic youth championship in archery

It is an honor for me as the mayor of Larvik to welcome you all to our beautiful city. We are privileged to yet again host this years nordic youth championship in archery.

In Larvik we have more than 50 sportsclubs and associations with the total number of more than 5.500 members under the age of 20 years. In our municipality we have the aim to support and encourage all kind of sports activity in order to strenghten the national health and quality of life. In that context archery fits in very well.

Once again welcome to all you archers, and you are more than well-come to visit us again on another occation.

Best regards

Erik Bringedal
Mayor of Larvik

The beechforest, just minutes away from the competition field. Located at the crest of the town, overlooking the freshwater lake of Farris to one side and the sea on the other

Larvik
kommune

Foreword

Dear archers, coaches and parents.

It is a honor to welcome you all to Larvik for this years edition of NUM. it's already five years since we arranged NUM last time.

Five years ago the arrangement was a success. We hope it will be just as good this year. Or even better. We hope you will have a good time here in our beautiful city.

I wish you the best of luck with the competition.

Remember: Have fun when you shoot!

Kind regards

Marius Halvorsen
Leader of Larvik Bueskyttere

"I've missed more than 9,000 shots in my career, lost almost 300 games, missed the game winning shot 26 times. I've failed over and over again in my life. That is why I succeed"
-Michael Jordan

"Champions keep playing until they get it right"
-Billie Jean King

"When you lose a couple of times, it makes you realize how difficult it is to win"
-Steffi Graf

"It's really easy to talk yourself out of winning. If you know exactly what's left and what you need to score for a world record or to win gold, then you are going to overthink it and get all sevens"

-K J Polish

Competition information

To all archers, coaches, parents and supporting staff, we again welcome you to hopefully, a few memorable days here in Larvik. We will do our best to make this time of your life something to remember. Not everyone reaches first place, or their set goal, but by just attending to a competition like NUM, you are all winners. This is in itself an achievement, a stepping stone to perhaps what will become your own final goal.

Be the best you can be.

We urge you to read this booklet, and pay attention to the schedule. We will strive to follow it as closely as possible, but of course, things do happen and there may be changes. Those will be announced on the announcement boards and by the speaker.

For those of you accommodated at Hedrum ungdomsskole: please pay attention to the allotted transportation, where and when it leaves. Missing the transport,... well, it's not that far of a walk to the field from there, but the easiest solution is certainly to be at the bus stop on time.

If you have any questions or trouble of any kind, please reach out to the closest competition official. They may not be able to help you right there, but they will put you in touch with someone who can. Being an international competition, the official language will be English. We all do have different mileages when it comes to a particular language, but we'll figure it out together.

Information for the accommodation, is in a separate leaflet.

On the field, the kiosk will be open throughout the entire event. We accept payment in cash (NOK), Vipps (NOK), Visa/Mastercard. At present time, 11 NOK equals approx. 1€.

Weather: Well, as last time, we did put in an order for fair weather, and it may seem that we're getting at least some of our money's worth. Today, one week before the competition, it is telling us that it's going to be kind of sunny, maybe some rain on Saturday and Sunday, probably low. 20's, calm winds. So, **please be aware, this is the coast, wear sun lotion with high SPF if you are prone to burns.** You are going to be in the sun the most of the day, wear a cap, hat or whatever you find convenient. An umbrella might be handy.

Don't forget to drink a lot, your body needs replenishment of fluids throughout the day. Fresh tap water is available in the field, bring your own bottle, please see the location on the map. In Norway, tap water is cold, good, and drinkable everywhere, you do not have to buy it in bottles.

Finally, with this many people involved in the event, it is bound to be a few arguments. We all may have a different view on certain things, but please, be polite, behave, and sort it out in an orderly fashion. This is particularly important for coaches and parents.

Rules & regulations

The competition will strictly follow the rules of NUM. The rules and regulations will be governed by the judges assigned to the field. Any dispute must follow the proper procedure stated herein.

Any dispute has to be written on a dedicated form which is handed out on the team leader meeting prior to the competition. Each dispute has a fee of 500 NOK due when the complaint is delivered.

**NORGES
 BUESKYTTERFORBUND**

**75th
 ANNIVERSARY**

The Norwegian archery federation was founded 75 years ago. What better way to celebrate this event than during NUM here with us in Larvik.

NBF is focused on archers of all ages, and strives to present the value and the lifelong dedication to challenges of the sport of archery.

Up here in the north, archery has been an important skill, way further back than this beginning we are celebrating this year. There has been championships in archery for hundreds of years in the past. The equipment (even though evolved a bit), is still the same. Save the more technical and modern divisions, the principle remains. Today, as it was way back then, you can enter a modern archery competition with a self made bow and arrows, built from nature. Well, you'll need to obtain some skills before actually getting it right, but it is absolutely possible. Talk about sustainability.

We should all be proud of our skills in the art of archery, you are all truly unique.

Have fun, and be challenged during this years NUM and many more to come. You might not have reached the top of the podium yet, but hey, practice and get there next.

Good luck and may the best archers win.

Schedule

Thursday, June 29.

14:00	Checkin opens for accommodation, Hedrum Ungdomsskole
15:00	Checkin opens for archers, team managers, at Månejordet (FOP)

Practical info

If you are in the need of information not provided in this booklet, please do not hesitate to ask a competition official. We will try to assist you as best we can.

Police: 112

Fire: 110

Ambulance: 113

EMS services is located at Larvik Hospital, Greveveien

Regional Hospital is Vestfold Sentralsykehus (VSS), Tønsberg

Norwegian Red Cross is present in the field at all times

Transportation / parking

Taxi central is located beside the railway station along with bus stops to and from Stavern, Gon, Sandefjord. The long haul express busses stops at the taxi central. The bus central for local routes is located on the north side of the town center

Official parking in and around town is mostly free on the streets, but please verify this when parking, there may be applicable fees.

There is no available parking at the arena, closest parking is at the entrance to the beech forrest.

Taxi:

33 42 02 00

Local busses:
<https://www.vkt.no/>

Shopping / Wholesale / Food

Larvik has two shopping malls. One (Amfi Larvik) in the town centre, south east from the field, and the other (Nordbyen) to the north of town, north east from the field. From the field, the distance to either, is about the same. Both are within walking distance (10 min.).

There are several supermarkets, the closest one being Kiwi and Rema 1000, aprox. 4-500 m to the north east. Leave the field on the road to the north side, walk up to the main road, take a left. At the roundabout, you'll have Rema 1000 to the left and Kiwi to the right, just behind Subway.

Nordbyen shoppingmall, is a couple of hundred meters further, you will be able to see it from the roundabout

Management

We, Larvik bueskyttere, wishes to thank you all for taking the oppertunity to come see us and participate in this years NUM. It has been a struggle at times, but we are certain that is has all been worth the while. As many of you already know, the man hours put into an arragement like this is, well, a lot. And without the help and stamina of the people involved, this would not have been possible.

IANSEO

Roar Jystad
 Jon-Arne Storeng

And a big thank you, "Gummi - World Archery Iceland" for your invaluable help and experience making this happen.

Team Finals

The team finals will be shot on Saturday. We will set up the teams according to regulations and this means that in certain cases, you may be put in a mixed team with archers from other countries. Don't think too much about it, the archers you are teamed with in mixed teams may be the best there is. I've seen mixed teams reach GOLD in more than one occasion.

Each and every archer will have a team

Individual Finals

Finals will be shot as standard matches according to regulations. This will happen on Friday after qualification. Finals shot, will be for all divisions and classes except GOLD finals in Recurve and Compound divisions. R & C division GOLD finals will be shot on Sunday (more on this under competition section).

Medal ceremony

The ceremony, will start shortly after the finals on Sunday. It will be held on the field at the dedicated area. The ceremony will be announced by the speaker.

The order of calling will be determined at a later time.

We kindly ask everyone to participate in the ceremony to honor the medalists.

Do remember:

Be courteous and polite to your fellow archers

Act as the athletes you all are,

Shake hands with your opponents, next time it might be you in their place

Competition

Due to last minutes changes, we have skipped the listing this year. You will find it at IANSEO witch is updated with the recent changes.

<https://www.ianseo.net/Details.php?told=13753>

New of the year for NUM 2023, is that some finals will be executed by streamed alternate shooting. This is to be considered as a NUM tryout of this shooting form. We were planning to introduce alternate shooting as the intended form for R/C U21 GOLD finals, however, we've decided the we will do this for all R/C classes. This means that R/C division will shoot alternate GOLD matches for all age classes on Sunday.

So archers prepare:

Sunday, it will be alternate shooting for GOLD for Recurve and Compound divisions only. This will happen for all age classes in R/C divisions.

For Barebow, Traditional and Longbow divisions, there will be regular finals on Friday. Now, this is NOT because you are considered a lesser archer than R/C, but it merely has to do with the fact that R/C are World Championship classes, and we need to start somewhere.

So rest assured, in the future NUM's we're planning to do alternate GOLD finals for every division.

We, Larvik bueskyttere, hope you'll find this years championship rewarding, and we are humble for the participation and challenges you are all contributing to.

Remember, that the crew are there to assist you in any way they can. If you have anything to share with us, we greatly appreciate it if you come forth.

You may send us an e-mail to: larvik@bueklubb.no

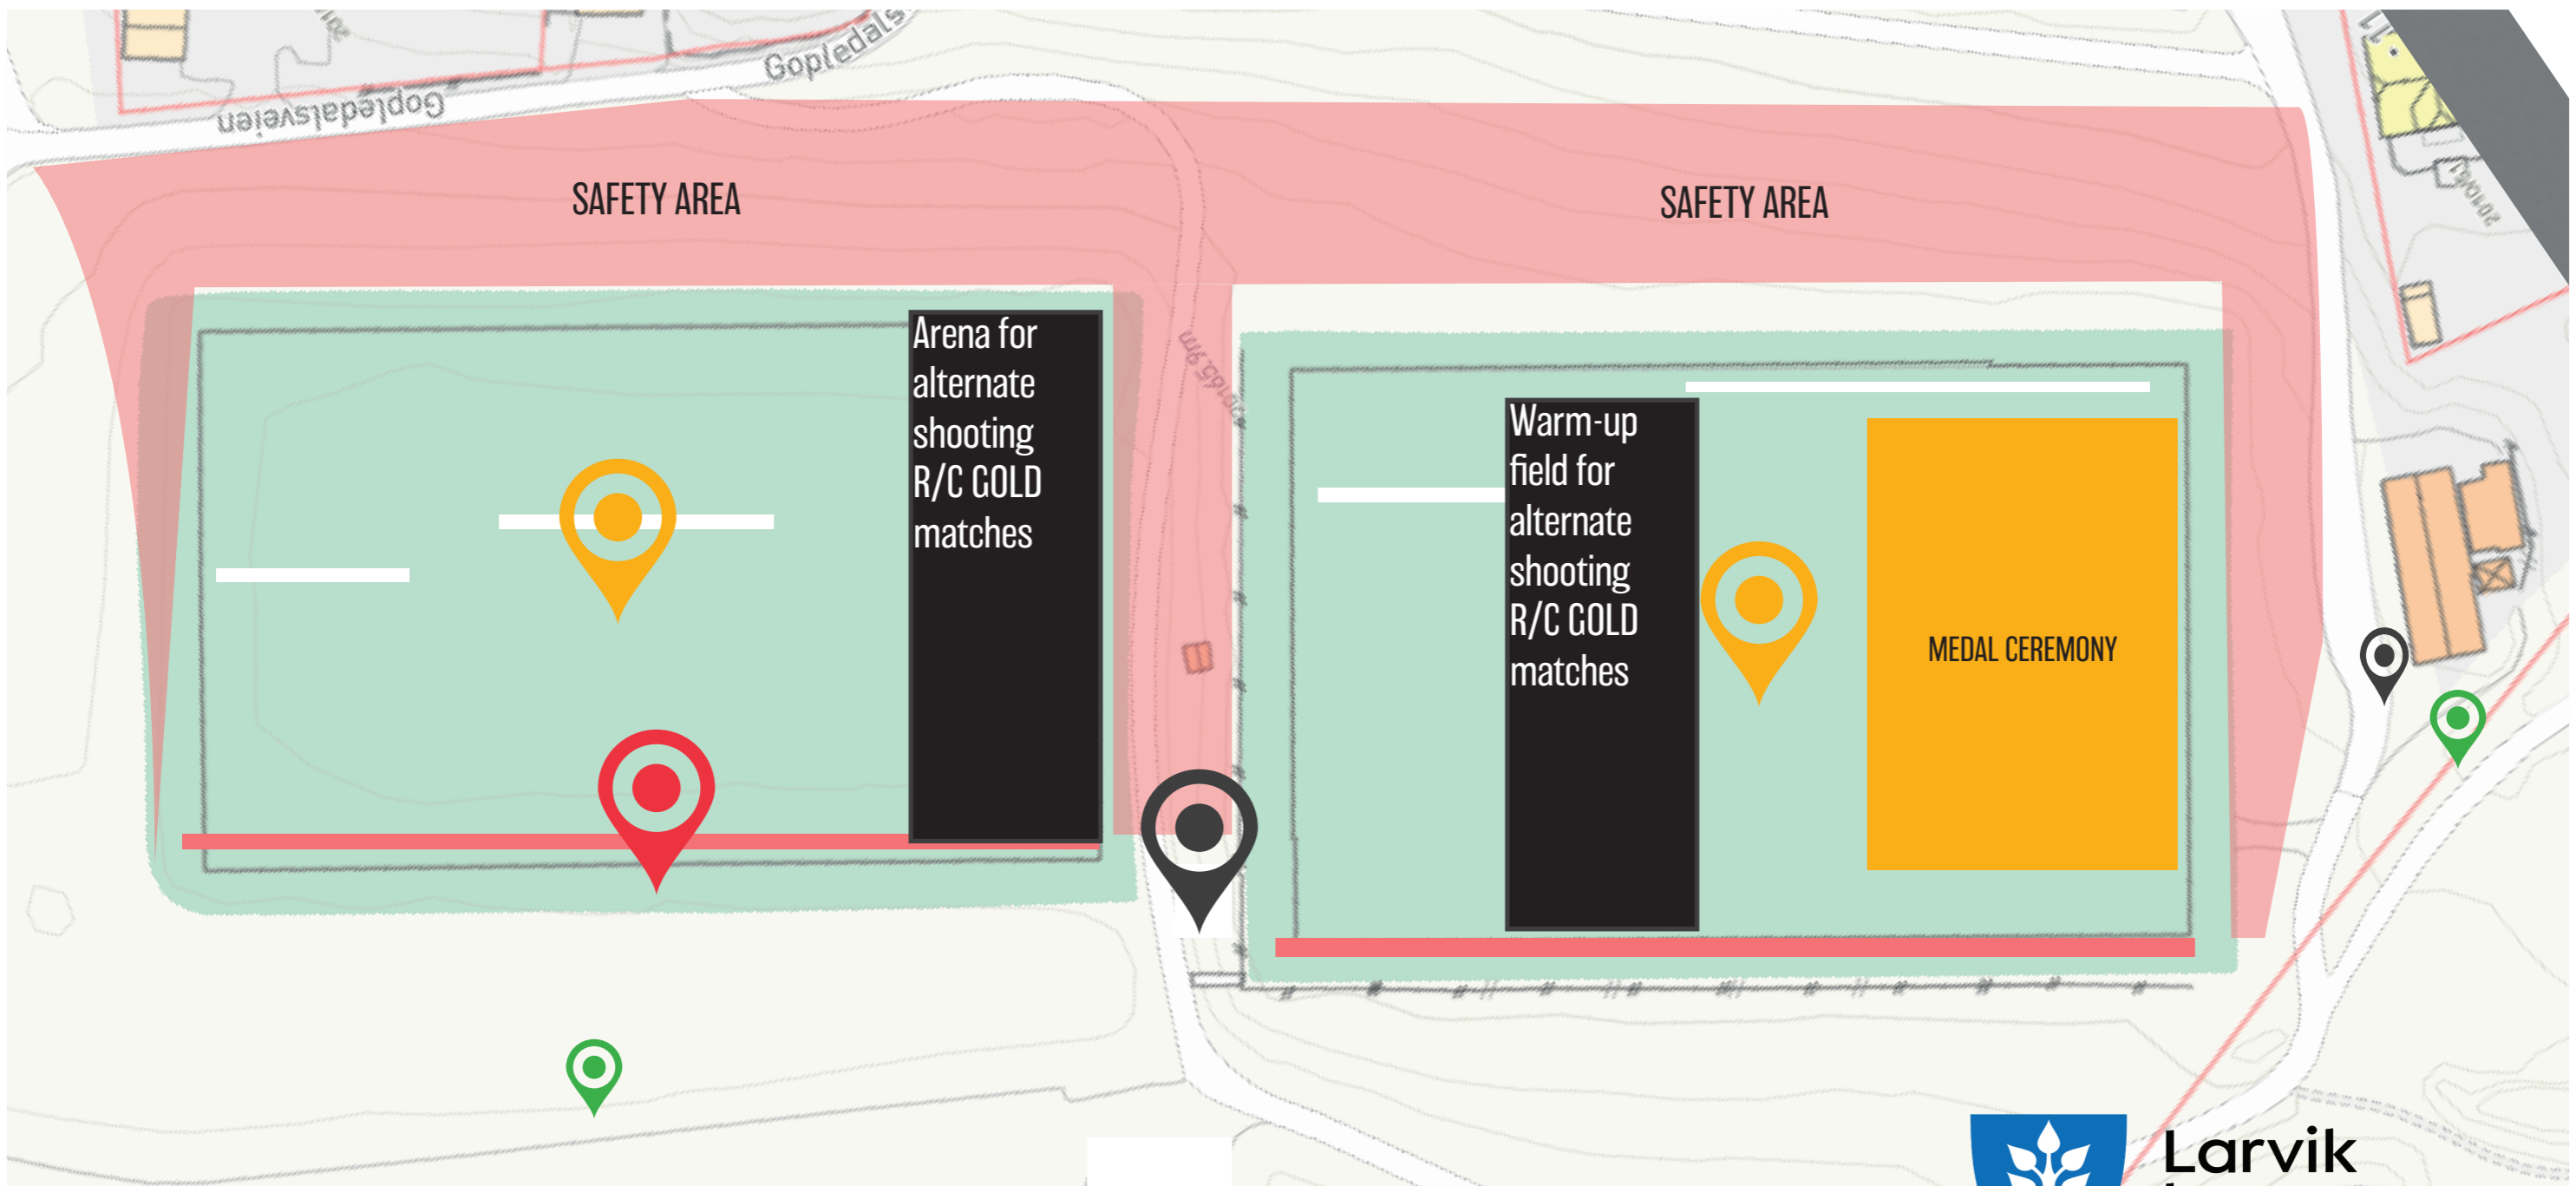

You can reach a NUM official at all times during the championship at this number. The person will be English speaking.

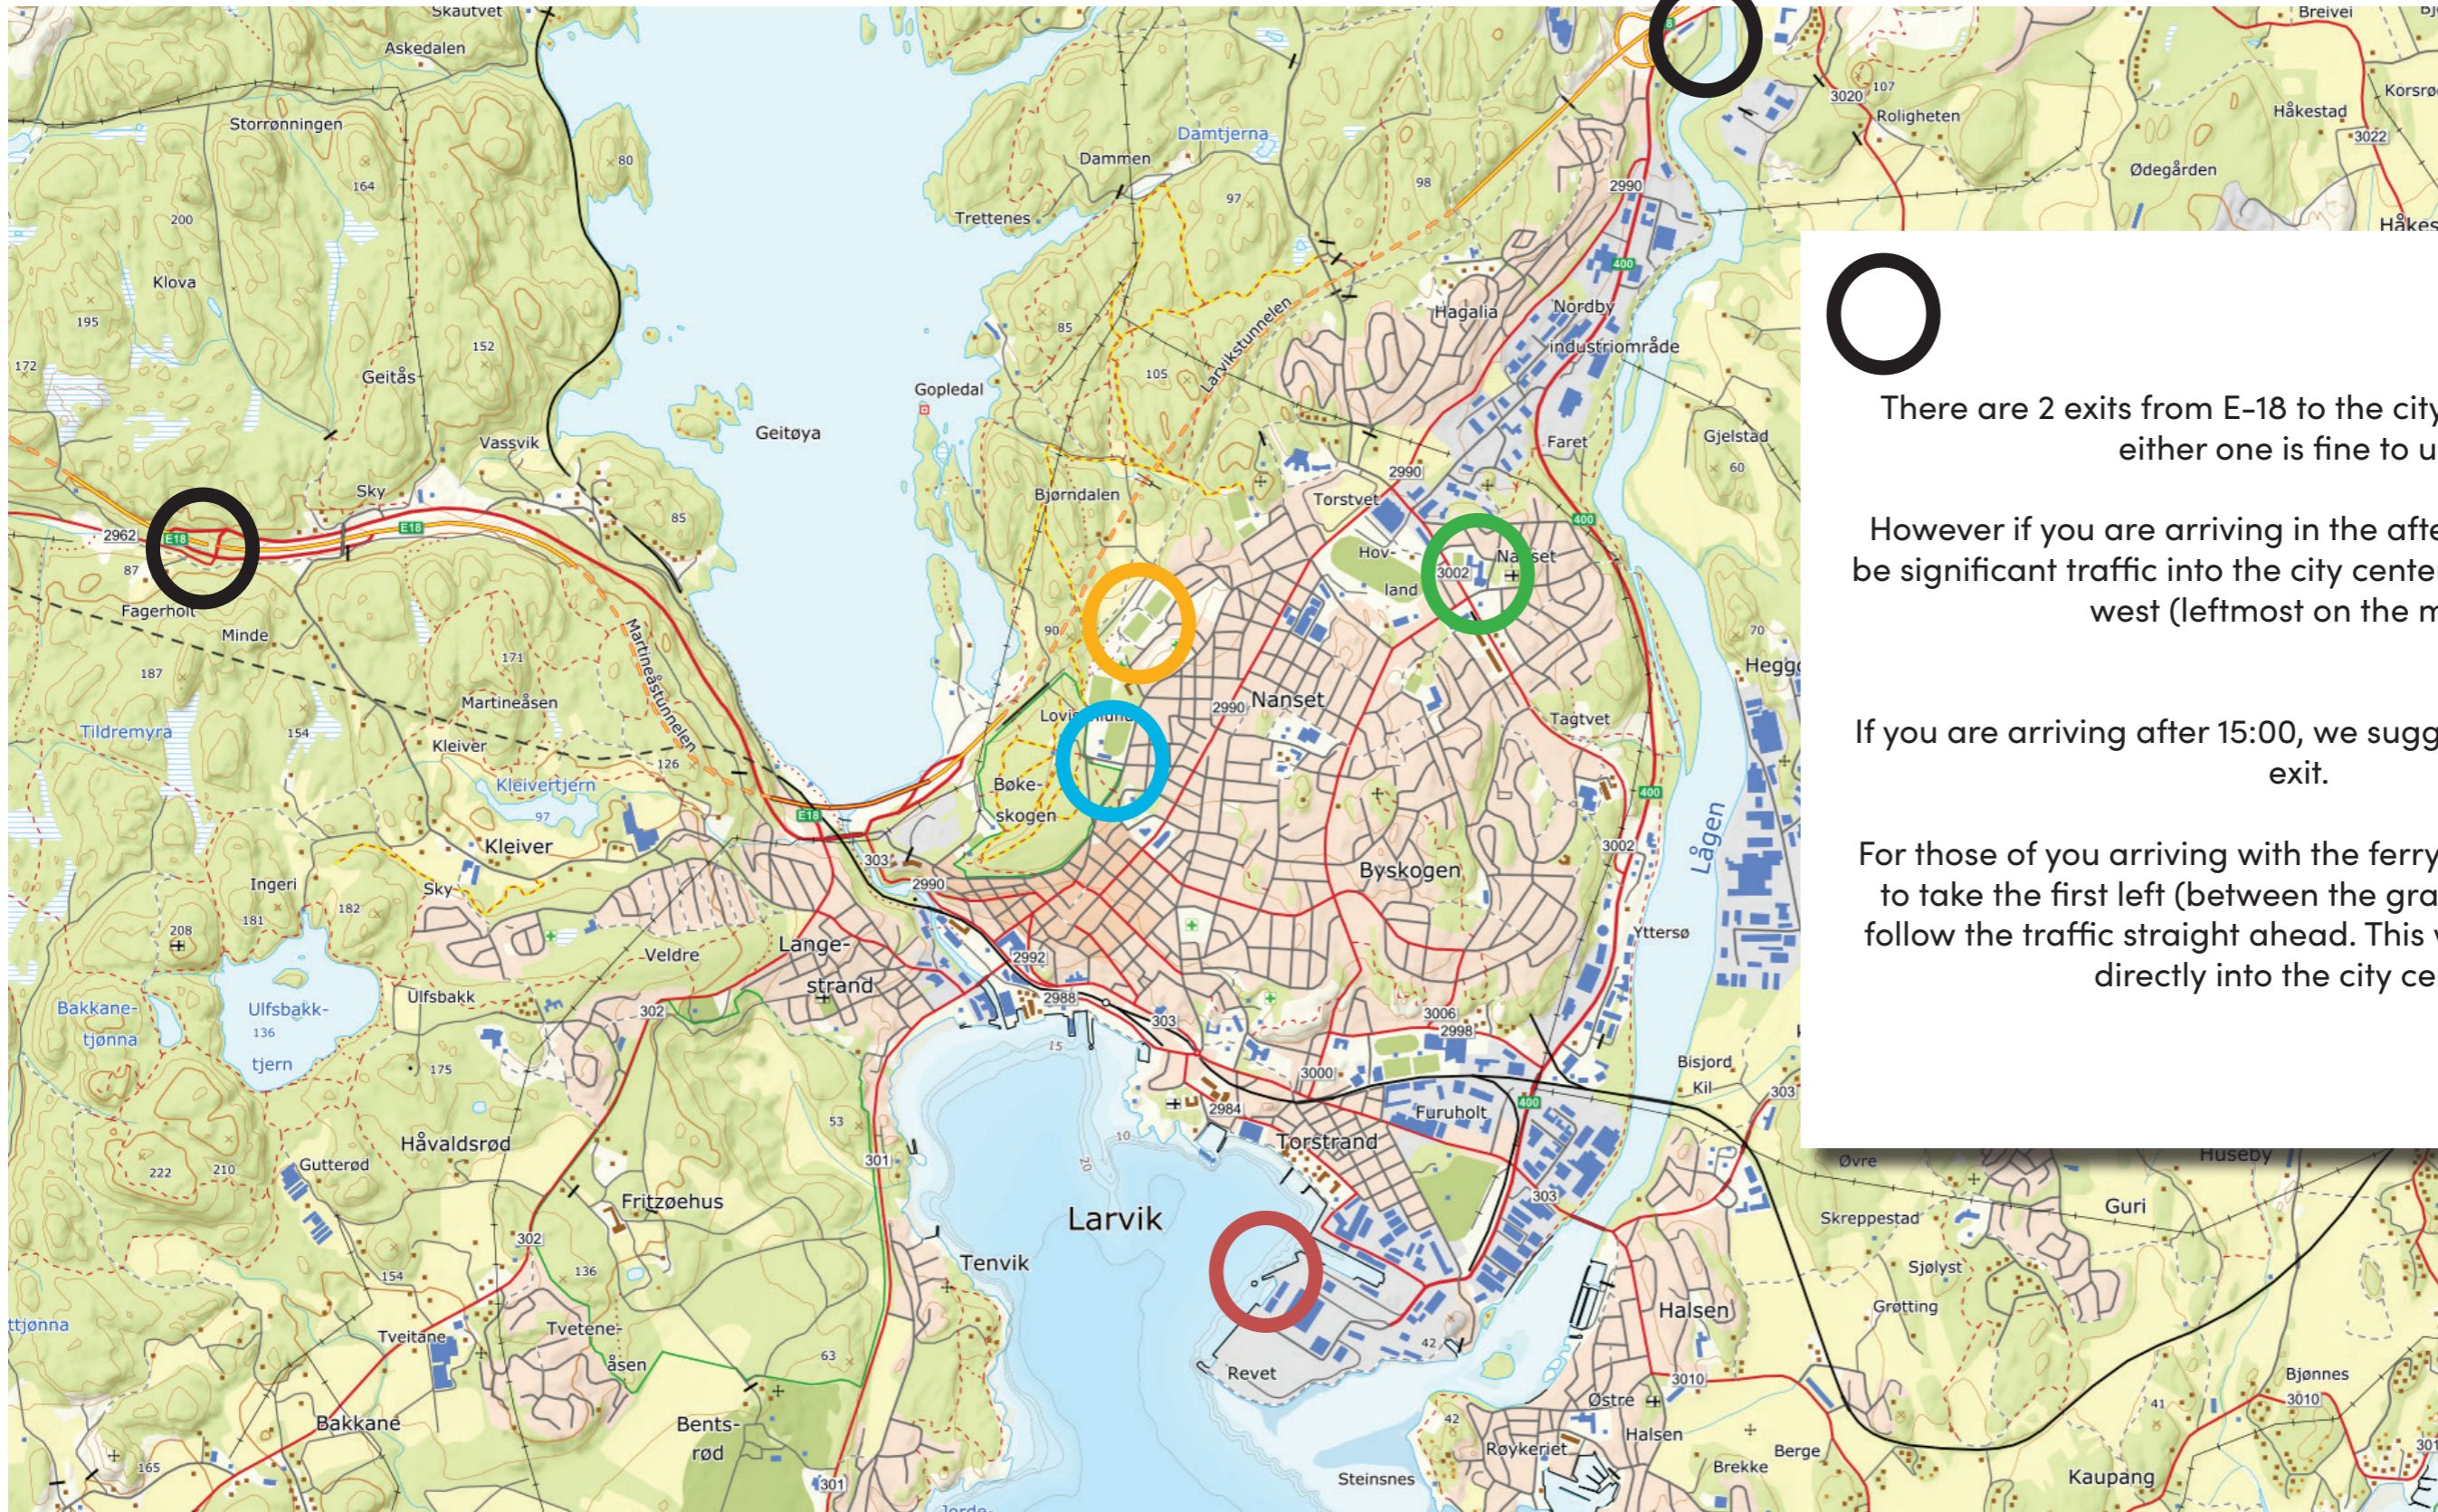

+47 9444 1233

Field MAP

Please pay attention to the safety area, do not enter this during competition

-  Judges
-  Toilets
-  Drinking Water
-  FOP

There are 2 exits from E-18 to the city. Most of the time, either one is fine to use.

However if you are arriving in the afternoon, there could be significant traffic into the city center from the exit to the west (leftmost on the map).

If you are arriving after 15:00, we suggest you use the east exit.

For those of you arriving with the ferry, I would advise you to take the first left (between the grain silos) and not to follow the traffic straight ahead. This will take you almost directly into the city center.

Arena location
59.06465, 10.03062

Ferry terminal (Denmark)

Parking / Motorhome park
59.05898, 10.02865

Accommodation / Hedrum ungdomsskole
59.06667, 10.05371

This championship would not be possible without the help from our sponsors.

We would like to send a thank you to those that make this into a memorable event for Nordic young archers.

Vestfold and Telemark
COUNTY COUNCIL

we hope you will enjoy a few
memorable days
