

## Notice RE BUCS Outdoors Day 1

Due to the weather conditions, we have had to postpone the end of the H2H element of the competition. This will, instead, be concluded tomorrow morning prior to the WA900.

Practice for the remaining H2H matches will commence at 8:30am. There will be no assembly, or equipment inspection before this. The WA900 will continue, as planned at 10:45 for practice, or after the conclusion of the H2H matches, if this is later.

There will be no formal equipment inspection prior to the WA900. If you have changed any of your equipment since the inspection today, please inform a judge prior to commencement of practice.
