Welcome Speech from the LOC

It is a privilege for me, as President of the Ecuadorian Archery Federation and of the Organizing Committee of the South American Open Archery Championship 'Guayaquil 2023,' to extend a warm welcome to the beautiful city of Guayaquil.

Guayaquil, the largest and most populated city in Ecuador, is located on the southwest coast of the country, next to the Guayas River. It is known for its tropical climate, vibrant commercial activities, and rich culture. The city has a unique blend of modernity and tradition, making it an attractive destination.

Our organizing committee has worked tirelessly to ensure that this event is memorable and a resounding success, enhancing the passion for our sport and fostering camaraderie among the participants.

We encourage you to share your comments and suggestions with us at any time, as your valuable input will help us continuously improve. We are confident that we will all enjoy an exciting and memorable week of ARCHERY in Guayaquil.

Sessions will begin on time. When there are no scheduled practices, matches will begin as soon as the field is ready. Athletes should be alert and ready in case their matches start earlier than scheduled.

In the case of bye, athletes will be allowed to shoot at their own target, provided that the competition program allows it. Athletes who shoot in a direct pass will do so respecting the time and signals of the DOS of the competition. In direct passes, recurve archers are allowed 3 practice sets and compound archers 5.
