

How to use Scorekeeper NG-LITE & PRO

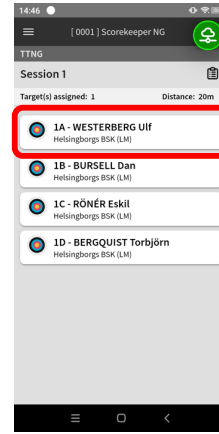

To get started, you need to select Setup app using a QR code

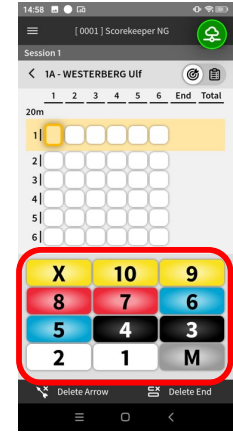

Scan the QR code on the score card.

When you have scanned the QR code, press Save.

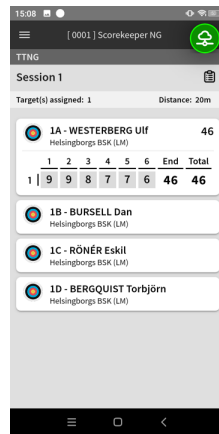

Select the archer you want to enter arrow values for.

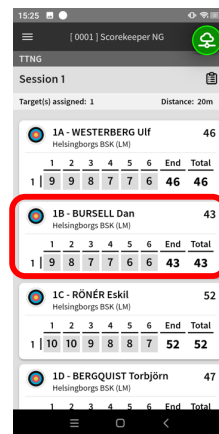

Enter the arrow values for the archer.

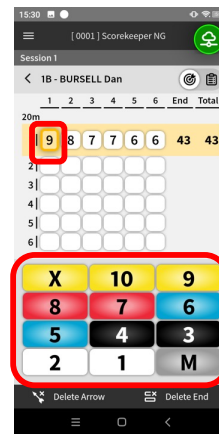

When you have entered the last value, the App will return to main screen.

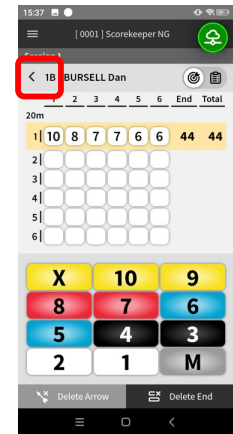

Now do the same for every archer.

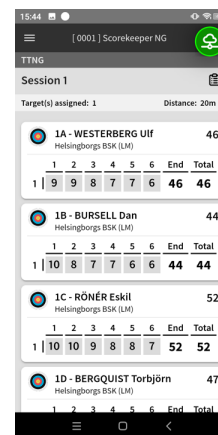

If you want to correct an arrow, just tap the archer to correct the arrow.

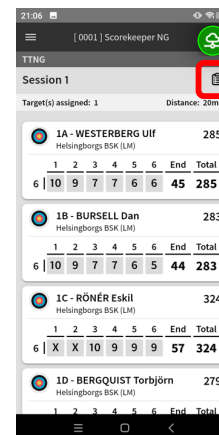

Highlight the arrow value you want to correct and select the correct value.

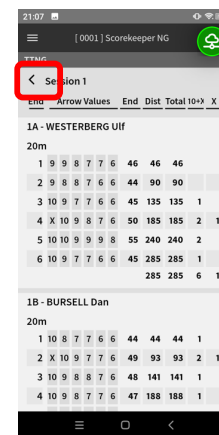

When you're done, tap the back button.

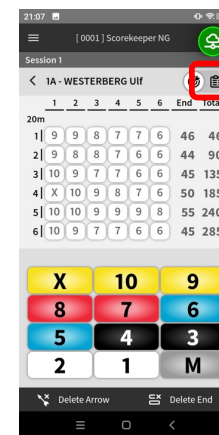

You will then return to main screen.

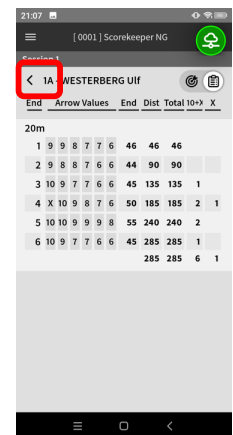

You can view the scorecard at any time.

When you're done, tap the back button

To view Scorecard tap the button.

When you're done, tap the back button

The right choice for your tournament
