

BUCS Archery Indoor Pre-Qualification Scores

Qualification scores must have been shot at/after the BUCS Regional events in 2024 (17 February 2024) and before the entry closing date (7 January 2025).

Qualification scores must be submitted with an archer's entry. Qualification scores can be gained by shooting either a Portsmouth or WA18 round.

Whilst these scores do not have to be shot at a full competition, it is required that they are shot under competition conditions (e.g. countersigned scoresheets, adequate distance, field captain, controlled shooting).

Qualification scores (for both rounds) are listed in the table below.
