Meeting Report

The GNAM ran to the same format as that of 2024 whereby we shot Day 3 first, on the Friday, in the hope that the Double rounds would be better supported.

Entry levels were about the same as last year. 95 Archers shot over the 3 days and again, this year we also invited Archers to shoot the shorter Bristol and National rounds.

At assembly we welcomed all the GNAM first timers individually, with this year about a half of those present were shooting their first GNAM. This was the same as last year, so it is interesting that the number remains constant with a 50% turnover? The meeting was then formally opened by one of the GNAM regulars, Julie Sharkey shooting the first arrow.

As shooting proceeded, the meeting was sedate and the Judges not necessarily rushing us to and from the targets to score.

The quiz returned again with Saturday, an identify the Children's TV programs. Clearly aimed at a certain age group, it did get a fair few conversations going, as well as one or two singing theme tunes! Dingbats was the theme for Sunday. The answers can be found on lanseo.net, but ignore the ones in red. They are right!

Hopefully you enjoyed the flyby of the Tornado and Red Arrows that I arranged specially on Sunday to celebrate the 170th GNAM?

The presentation ceremony took an hour and quarter with our President, Graham Potts awarding the prizes. Graham was not able to join us to shoot this year but hopes to do so again as he very much enjoys shooting the GNAM.

The opportunity to break records for rounds rarely shot was certainly feature of the meeting and a number of records were claimed. Too many to note here (or more likely I don't have a list!). A large number of Roses were also claimed. 35 in total plus 5 3/6 Gold End awards. Well done to all those who claimed!

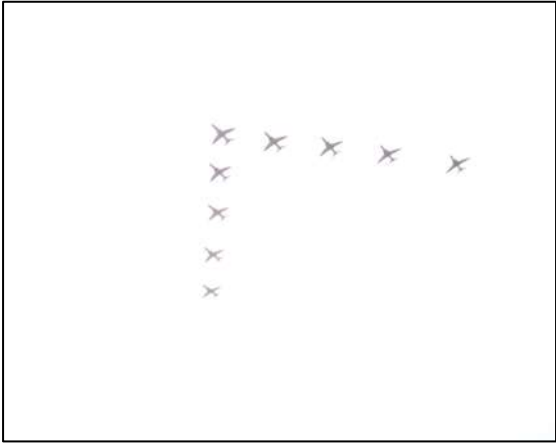

I must take a moment to thank the volunteers who helped over the 3 days. Mark and Candy, Rob Mark and Ania.

Finally Thankyou everyone for coming and your company and field crew help for 3 days.

If you have any thoughts or comments on the meeting, both good or bad please do get in contact. We want to improve on the atmosphere of the event as well as increasing attendance. Its likely that we will send out a survey to all participants, so please take the time to think about your answers and send your replies. It will help shape things moving forward.

So that brings a close to the 170th GNAM for 2025. We look forward to seeing everyone again in 2026. As the saying goes, bring a friend. Or two...!!!
