Version 1.1 – 16 September 2025

Welcome Word from the LOC

Dear President and Members of the World Archery,

It is a great honor and pleasure to welcome the World Archery and all its member nations to the Gwangju 2025 World Archery Para Championships, a grand global festival.

Gwangju has established itself as a renowned sports city of Korea, having successfully hosted the 2015 Summer Universiade, the 2019 World Aquatics Championships, and the second stage of the Hyundai Archery World Cup in 2022.

Furthermore, Gwangju has produced numerous archery champions, including several Olympic gold medalists, and is home to world-class infrastructure such as the Gwangju International Archery Center, solidifying its reputation as a global hub for archery.

We are truly delighted to share our valuable experience and infrastructure with the world. This September, the eyes of the world will turn to Gwangju, and the echoes of peace for the future of global harmony and coexistence will resonate across the globe. In particular, the finals of the competition will take place at the May 18 Democracy Plaza, a sacred site where citizens fought for democracy in 1980. Here, we will share and commemorate the history and spirit of Gwangju with peace-loving people from around the world. Gwangju, the City of Nobel Prizes that shines brightly with author Han Kang's win in literature, now seeks your support in an effort to spread echoes of peace through archery and sports. I look forward to welcoming you in Gwangju this September.

Sincerely yours,
KANG Gijung

Chairperson, Organizing Committee

Results

4.1 Timing control system

World Archery timing equipment will be used for timing and scoreboards on preliminary rounds and finals. During qualifications and elimination rounds, the clock will run until the end, without interruption of the Director of Shooting.

4.2 Results system

- Qualification Round - scoring will be completed by athletes. One athlete records, on the official paper-based score sheet, the scores of all other athletes on that target. At the same time, another athlete, on that same target, will enter all the scores of the athletes on that target into the scoring tablet.
 - Scorecards MUST be signed by both the athlete and the scorer, have all the totals mathematically correct with the 10s+Xs and X count fully completed. Any scorecards where the 10s+Xs and X count are not completed a "0" will be given for the total of 10s+Xs and X count for that athlete. Any score cards not signed or the score total is missing will result in disqualification.
 - Elimination Round – scoring will be completed by athletes. One athlete/team records the arrow values of both athletes/teams on the paper score sheet. While at the same time, the other athlete/team inputs the arrow values into the scoring tablet. Both athletes/teams should verify that all scores are written and entered correctly before returning back to the shooting line.
 - At the end of the match, the scorecard must be fully completed and signed by the athletes (or agent/judge in the case of finals) involved in the match.
 - Scoring tablets will be used during the Qualification and Elimination Rounds, but not in the Finals. Mr. Andrea Gabardi is responsible for the results of the event.
- **IMPORTANT NOTE: There will be internet access in the official hotels and the venues. Because of this we will not distribute any printed results and information.**
